Darkness?

...After having realized  
an interesting point.

Dark, the  
Rhyngel safety  
matters above all

Escape from  
here at all costs

AND A!

Tashia Richard.

Bears a unique  
dragon artifact affiliated  
with mind control.

Drove 10,000 enemy  
soldiers insane over the  
course of a night.

Known as the  
"Witch of Night."

A difficult opponent,  
but she's become  
reliant on Black Eye.

As long as I  
remain vigilant—

Sigh...

Child,

my business

is not with you.

THANKS!

Is it here?

Were you not the  
best candidate,  
I would have removed  
you as I removed  
all the others.

Also, that's not my  
task, so I must refrain  
from harassing you.

Yale.

What?!

She can teleport?  
My information never  
mentioned anything...

Wait, before that,  
just now....!

PRINCE REINHART!

BANG!

You weren't answering,  
so I came to check~

Superior,

FISH

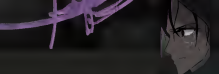

Where am I?

So, you thought to escape here, huh?

I suppose you know this place well.  
It is where your kin were exterminated.

I use "Chaos"  
by the way.

a mutation of  
your "Darkness."

Although I can't move  
through dimensions on  
my own, I can make use of  
your Darkness to travel!

CLANG

CRAWL

CRAWL

There's a light!

I can escape...!

CLANG

Where do you  
think you're going?

My young Rhyuuuuuu,

your collar cannot  
be unbound without the  
blood of the Frimones.

It was created to  
use the powers of the  
one bound regardless  
of their will.

so you would've been  
caught soon anyway.

Now, just  
stay still for me  
will you?

YOU...

FILTHY AKOOM  
BASTARD!

I thought he was a good person,

but in the end, he's just  
the prince's subordinate...

I really can't trust anyone.

LONE MANCII

Huh?

Vero?!

Does that mean  
Maruapp is nearby, too?

TURN

There isn't time;  
I need to leave now and  
figure out where I am.
